Alida, C.M.D.

Early American melody

1. Once in Je - ru - sa - lem of old Our Sav - iour washed their feet  
 2. But far from that low path of grace His peo - ple since have trod,  
 3. With ho - ly kiss, with words of love, With hearts all kind and true,

Who climbed with Him Ju - de - a's hills, And roved its val - leys sweet.  
 And err - ing feet have tram - pled down The or - di - nance of God.  
 We'll ban - ish thoughts of en - vious pride, As Je - sus' friends should do.

With low - ly at - ti - tude and mien To them He bowed the knee,  
 Come broth - ers, sis - ters, let us raise This long - for - got - ten rite;  
 Dear Sav - iour, help us keep more near The good old Bi - ble ways;

Thus show - ing how love's serv - ice blends With meek hu - mil - i - ty.  
 Bow each to each with hum - ble minds, And walk in du - ty's light.  
 Head, hands, and feet we pray Thee wash, That we may speak Thy praise.
